

Display

Highlight important collections and increase circulation.

Modular retail-style shelving

A **modular shelving solution** borrowed from the retail world is a **popular way to put a spotlight on collections**. Shelves and accessories are **interchangeable and reconfigurable**. Available in a **variety of colors, sizes, and configurations**.

Integrated sign holders allow for **customized signage** that helps to **categorize and engage**.

Marketplace Shelving

"Marketplace" shelving helps increase circulation for collections. Units can be customized with back panels, end panels, signage, steel color, and more.

Specialty shelves, like our **zig-zag** or **sloping display shelf**, help show off both book spines or covers.

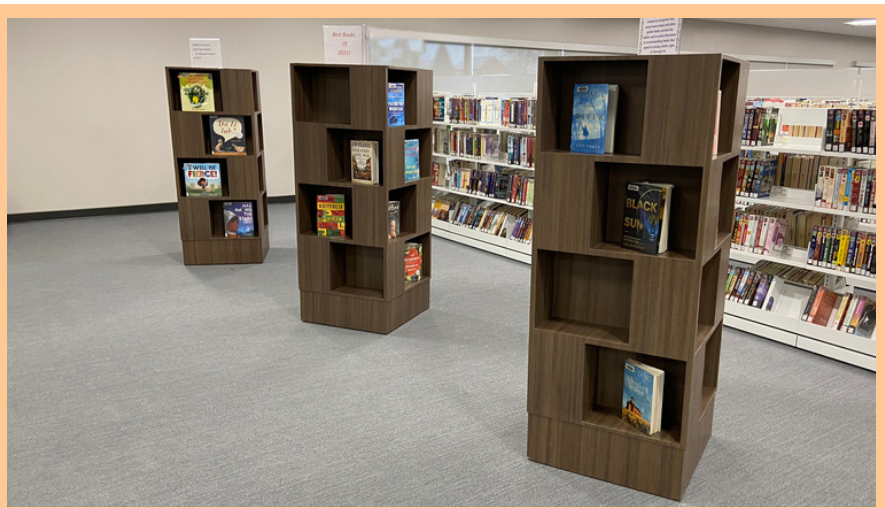

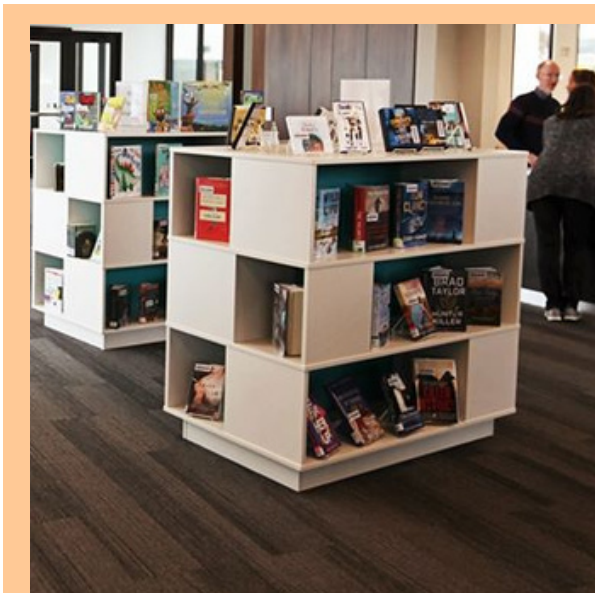

Custom display

Custom displays are our specialty. Choose from **multiple sizes, wood grains, or bright laminates.** Often our custom display units are **mobile to allow for flexible spaces.**

The sky is the limit with our custom display. It often starts with just an idea.

Display for the Children's Area

Increase **circulation and interest** for the youngest patrons. Any and all of our **display products** can be customized to look great and engage in the children's area.

Display shelving is a great way to **highlight important or award-winning books**.

Display for AV, Kits, and more.

Our display solutions have **specialty shelving and accessories** suited for AV, picture books, kits, periodicals, or more.

Turn AV materials face-out, display magazines, or hang kits.
