

Creating a baby-friendly library experience.

Top furnishings to help create an early literacy play space.

Baby Gardens

Popular LFI custom "**baby gardens**" can be customized to fit any space. **Activity panels, mirrors, portholes, handy board book** and age-appropriate **toy storage**, and **soft surfaces** make them a perfect destination for pre-walkers.

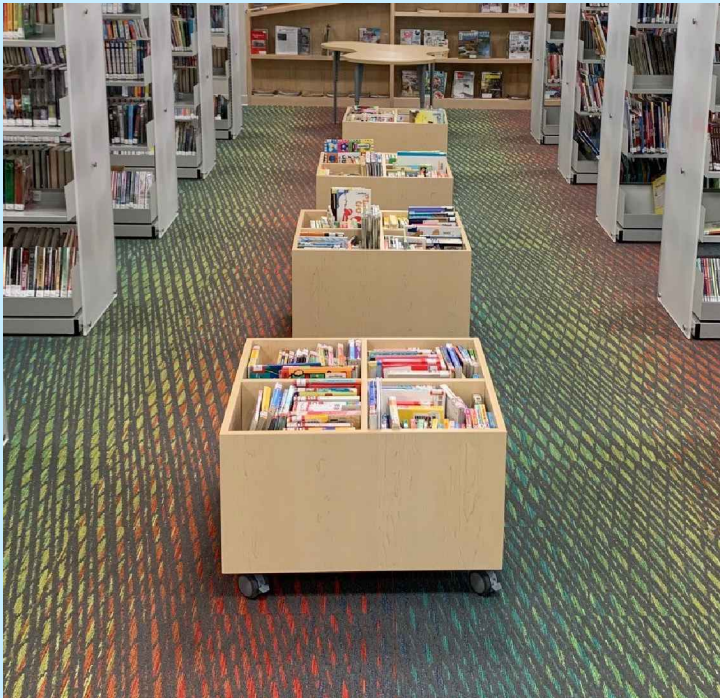

TMC's Fairfield Parent + Child Carrel/Computer Station

The Fairfield Parent+Child Carrel offers a convenient spot for **parents to access computer time** while their **infant or toddler is next to them** in a safe and stimulating LearnPLAY environment.

Board Book Bins

Mobile book bins for board books are placed **in areas where families gather**. Caregivers can easily find books to read to younger siblings.

Toddlers can independently reach in and **choose a book** from the low bins – developing those **early literacy skills**.

Care Rooms

Libraries are creating **quiet spaces** where **caregivers can offer care to infants**, younger children, or kids who may need a **sensory break**.

Privacy panels, **lounge seating**, **small tables and chairs**, and **displays for books** are all options for these spaces.
